

BEVERIDGE RETURNED BIG SUMS TO FRIENDS

CONTRIBUTIONS WHICH WERE
UNUSED AMOUNTED TO FIFTY
SEVEN THOUSAND DOLLARS.

Letter Supposedly Written by Former Senator to George W. Perkins is Read—Before Campaign Fund Investigating Committee—Pomerene Wants Further Facts About Beveridge Contributions.

Washington, Oct. 23.—That Senator Albert J. Beveridge returned campaign contributions amounting to \$57,000 sent to him by Geo. W. Perkins, Ed. L. McLean and Gifford Pinchot, was the testimony of three witnesses examined today by the senate campaign contributions committee. While Mr. Perkins when examined by the committee declared he could remember sending only \$10,000 to Senator Beveridge which was returned, today's testimony was to the effect that Senator Beveridge received and returned three checks or drafts, each for \$10,000. Besides, \$25,000 was received from and returned to Edward L. McLean, cousin of Senator Beveridge, and either \$2,500 or \$3,000 was returned to Gifford Pinchot.

Held Beveridge Showed Drafts.
Lars A. Whitcomb, who had a law office with Senator Beveridge in 1904, John F. Hayes, formerly Senator Beveridge's private secretary and Leopold G. Rothchild, who was on the Republican executive committee in 1904, were today's witnesses. Each of them testified to having witnessed and signed copies of the letters with which Senator Beveridge returned the contributions. Mr. Rothchild said that Senator Beveridge showed him the drafts from Mr. Perkins early in October before the election and announced his intention of returning the money. Mr. Rothchild said he advised holding the money until after election lest the contributors be offended and that Senator Beveridge concluded to do this. The money was returned some ten days after the election.

After the committee had adjourned for the day Frank J. Hogan representing the Progressive party in Washington gave out a letter which he said had been telephoned him from the New York office of Mr. Perkins and which purported to be the letter of Senator Beveridge returning the money sent him by Perkins. The letter, named no amount. It read as follows:

Alleged Letter to Perkins Read.
"Dear Old Man:

"Herewith I return you untouched the splendid sum you so generously sent to help me in the battle just won. It was noble of you George—characteristic of your great big noble heart, and I am grateful and appreciative beyond words to express. I could not use a cent of the magnificent amount you placed at my disposal and so return it to you.

"Do not feel offended at this: my cousin sent me a draft for \$25,000 and I returned the draft to him just as I am sending the enclosed back to you.

"Your beautiful friendship steadily proved as the years pass, is very sweet and dear to me.

"Give my regards to our mutual friend, my love to the folks at home, and believe me always, with tenderest affection, as ever,

"Albert."

This letter Mr. Hogan said would be presented to the committee tomorrow for the record. Mr. Perkins when he was on the stand was asked to furnish the committee with any correspondence between himself and Senator Beveridge and he agreed to do so.

Pomerene Wants Other Facts.

While the committee expected to conclude today and no further witnesses were on hand to testify, a meeting will be called tomorrow. Senator Pomerene desires to pursue the Beveridge matter further and telegrams have been sent to several witnesses asking them when they can appear. Senator Beveridge has wired that he cannot reach Washington before Saturday morning.

Further action of the committee will depend entirely upon the immediate availability of the witnesses.

RACE MANAGERS

ASK INJUNCTION.
Chicago, Oct. 23.—Officers of the Mineral Springs Racing association today applied to Judge McMahon of the circuit court at Valparaiso, Ind., for an injunction against any further interference with the race meeting by Governor Thomas R. Marshall and the state militia.

The court continued the hearing until 9 o'clock tomorrow morning to give time to serve notices on the defendants that the injunction had been asked. Sheriff Wood will serve notice on Maurice Feyernuth and Assistant Attorney General Bannaman.

DU BOIS WILL NOT BE NAMED SENATOR.

Boise, Idaho, Oct. 23.—Rumors that Former Senator Fred T. DuBois would be appointed to fill the vacancy caused by the death of United States Senator W. B. Heyburn were silenced today by Governor Hawley, who said that DuBois would not be named. Governor Hawley said that he probably would appoint a Democrat from northern Idaho, and intimated the appointment would be made before the election.

MORE EVIDENCE IN JOHNSON CASE

BROTHER OF PUGILIST IS WILLING
WITNESS BEFORE GRAND
JURY.

Important Disclosures Likely in Connection With Johnson's Case—Cameron Girl and Her Mother Have Been Reconciled—Suit for \$25,000 Is Filed by Jealous Husband.

Chicago, Oct. 23.—Charles Johnson, brother of "Jack" Johnson, negro pugilist today willingly entered the federal grand jury room and told all he knew regarding the relations of his brother and the white girl, Lucile Cameron, of Minneapolis. A recently was taken from the negro champion by her mother, Charles Johnson recently was arrested at the instigation of the champion on a charge of theft.

Testimony Is Important.
Young Johnson is said to have given the inquirers important information. His story is said to be almost of equal importance with that told yesterday by the Cameron girl. As he entered the jury room Johnson was heard to declare:

"It is the hand of God. The Lord has taken this fellow in hand and is directing justice at him."

Miss Cameron was not recalled before the grand jury today as had been expected. Neither was her mother recalled. It is said, however, that Lucile will be one of the main witnesses Monday when the investigation is resumed.

The younger Johnson seemed overjoyed at the opportunity of telling his story. He was in the jury room for nearly two hours.

A sister of the champion also appeared at the federal building to testify, but she was not called before the jury today.

The only other witness to testify was Joseph Levy, the champion's white secretary.

Mother and Daughter Reconciled.

Mrs. Cameron-Palconet, mother of the Cameron girl today said there had been a reconciliation with her daughter and that the latter was now willing to disclose the entire story of her relations with the negro and tell what she learned regarding the conditions at the cafe. A development of the case was a suit filed against Johnson by Willard Davis, a mulatto, for \$25,000 for the alleged alienation of his wife's affections. The wife is said to have been a singer in the champion's cafe and it is reported she was the woman who the federal authorities declared shot Johnson in the foot several days ago while in a jealous rage.

Will Quit Saloon Business.

Jack Johnson will retire from the saloon business in Chicago November 1st, according to an announcement made by city officials today. The saloon license under which he has been conducting his place is owned by a brewery and Johnson's contract to use it expires November 1st, and will not be renewed. The right to renew the license was today assigned by the brewery to another saloon keeper who has no business relations with Johnson.

The fact that Johnson did not own the license was given by city officials as their reason for not revoking it.

WOOD PULP CASE.

Government Will Ask Postponement in Matter Pending Before Customs Court.

Washington, Oct. 23.—The government will ask for an indefinite postponement of the wood pulp and paper case set for argument tomorrow in the customs court. Officials want more time to prepare the government's side of the international issue which involves the right of European countries, by virtue of the "most favored nation" clause of their commercial treaties with the United States to send wood pulp and paper into this country free of duty. That privilege is granted Canada under the only operative clause of the Canadian reciprocity agreement. Officials of the state department, department of justice and treasury are conferring over the brief to be presented by the government.

SUPREME COURT DENIES MOTION.

Springfield, Ill., Oct. 23.—The supreme court today denied the motion of Elmer J. Schnackenberg to set aside the order made by the court on October 18, denying the petition for a writ of mandamus to issue compelling the election commissioners to place the name of Harry Olson, Republican candidate for chief justice of the municipal court of Chicago and other candidates for associate justices of the municipal court who had been nominated by the Republicans and Progressives on the Progressive ticket. The court held that the name of a candidate could not go on the ticket in two places.

SHIP SAVED FROM FIRE.

Washington, Oct. 23.—Fire in the hold of the Merchants and Miners Steamer Berkshire was practically extinguished late today after a fight that had been going on vigorously since the ship sought the shelter of Lookout Cove, N. C., Sunday.

MOTOR COMPANY IN TROUBLE.

Chicago, Oct. 23.—The Central Trust company today was appointed receiver for the Streator Motor Car company of Streator, Ill., by Judge K. M. Landis. Bonds were fixed at \$5,000. Creditors alleged that the concern is insolvent.

BECKER'S CASE WILL REACH JURY TODAY

JUSTICE GOFF WILL DELIVER
CHARGE THIS MORNING.

Defendant Listens to Severe Arraignment With Calm Exterior—Defense Made Strong Attack on Rose's Testimony and Sought to Show Becker's Motive.

New York, Oct. 23.—The fate of Police Lieutenant Charles Becker, who is charged with the murder of Herman Rosenthal, will rest with the jury tomorrow. Counsel for both sides completed today their summing up, and all that remained to close the case when adjournment was taken tonight was Justice Goff's charge to the jury tomorrow morning.

Becker sat throughout the day with almost immobile countenance. He heard himself characterized by John P. McIntyre, his chief counsel as the victim of a conspiracy plotted by Jack Rose, "the hell of the assassins," and by Assistant District Attorney Moss as "the brains behind the gunner, with a tremendous motive for murder."

What emotions he may have felt were masked by perfect control of his features.

Attacked Rose's Testimony.

The defense entered its attack on the states' case almost wholly on Rose's testimony, which Mr. McIntyre denounced as unworthy of belief because "Jack Rose testified to save himself from the electric chair." He criticized the corroborating witnesses as "crooks and murderers." The states' case he summed up with the declaration that District Attorney Whitman "stagnated by ambition" had "fattered a prosecution framed up by crooks."

Mr. Moss warmly resented the implication that Mr. Whitman had any other motive than duty for seeking the conviction of Becker and denounced the "vilification of counsel for the defense" as revealing the "desperate straits to which he has come."

The lawyers spent four hours each in summing up the evidence.

Point to Becker's Motive.

"If Becker did not have a motive for the murder, why did he want to get an affidavit from Rose two days after Rosenthal was dead?" Mr. Moss asked.

The truth is Becker did not know how things would go. He saw the possibility that Rose might be a witness against him and he got an affidavit from Rose to silence him. He got Rose to swear his own life away, so that he could not testify against him."

Sam Schepps, Mr. Moss conceded, was an accessory after the fact, but had come forward to testify because Becker had thrown "his pal, Rose, to the dogs."

"Why," asked the prosecutor, "if Becker had no interest in the murder, did he visit the police station where Rosenthal's body was lying? Becker was off duty. What reason did he have to go there?"

No Proof of Conspiracy.

Mr. Moss declared that the defense had dwelt throughout the trial upon an alleged conspiracy to murder Mr. Rosenthal, founded upon the underworld, as its explanation for the murder, but had not introduced a shred of proof that any such conspiracy had existed.

Answering Mr. McIntyre's declaration that the four gunmen yet to be tried might go free even if Becker were convicted, Mr. Moss said:

"Have no fear that you will ever meet these four men on Broadway. We have not disclosed our case against them yet, and you need not be afraid of meeting Rose, Webber and Vallon there, either, after this trial is over. Their friends, the gunmen of the underworld, will take care of that."

CONVENE AT ROCKFORD.

Rockford, Ill., Oct. 23.—Illinois Anti-Saloon league convention met here today to outline a plan for a state-wide county campaign destined to make ninety counties "dry." A torch-light procession was held tonight which was participated in by hundreds.

DECLARE CONDITIONS INTOLERABLE.

Molok Lake, N. Y., Oct. 23.—Addressing the Lake Molok Indian conference tonight, Robert G. Valentine, former commissioner of Indian affairs, declared the conditions in the Indian office to be intolerable, owing to obstructive influences below and above. No man could accomplish what he had in mind to do he said. He urged that the United States make an accounting of Indian property that the authority of the commissioner be materially increased so that all private Indian associations co-operate in adopting a plan of action, that an advisory council of five should be created to study questions of Indian policy and that all Indian legislation should go to a special court.

SPEAKS IN ST. LOUIS.

St. Louis, Mo., Oct. 23.—Charles W. Fairbanks, former vice-president in an address here to the City club today urged its members to vote for re-election of President Taft.

BOUGHT EXPLOSIVES IN WAGON LOADS

KISER TESTIFIES TO SELLING
NITRO GLYCERINE TO McNAMARAS.

Government Maintains This Was Reported to When Dynamite Was Found Not Strong Enough—Witness Tells of Three Explosions on One Job in Cincinnati.

Indianapolis, Ind., Oct. 23.—How J. B. McNamara and Ortie E. McNamara carried away nitro glycerine by the wagon load was described by Charles C. Kiser, at the trial of the accused "dynamite plotters" today. Kiser, who now lives at Tulsa, Oklahoma, was the manager of a plant for the manufacture of explosives at Albany, Ind., when in 1908, he said the dynamites began buying nitro glycerine from him and hauling it away in wagons to Muncie, Ind. The government in charging the 45 men on trial with completely asserts that the McNamaras resorted to nitro glycerine in blowing up jobs after they found dynamite was not strong enough and they rented a house in Muncie to hide the explosive.

Filled Nitro Glycerine Orders.

"One day in response to a telephone call from Indianapolis," said Kiser, "I met J. B. McNamara at Muncie. He represented himself as being George J. Clark, a contractor of Peoria, Ill., and said he wanted nitro glycerine to blow up some ditches near Indianapolis. He said he had tried dynamite and it wasn't strong enough. I agreed to sell him twenty quarts and I delivered it to a farm three miles from Albany on the road to Muncie. A month later he bought thirty quarts. I didn't hear anything from him until a year later when he and McNamara bought 120 quarts. When I took it to the farm they had two rigs waiting, and had prepared twelve boxes in which to pack the cans. Afterwards I wrote to Clark at the address at Peoria but the letter was returned."

The boxes referred to by Kiser later were found by Herbert S. Hockin, now secretary of the International Association of Bridge and Structural Iron Workers. Children of the neighborhood thinking the house vacant, entered it to play and according to the government's charges, skated over the floors near where the explosives were stored.

Tells About Explosions.

John W. Gihlon, foreman of a construction company described three explosions on the same job at Cincinnati in 1906. He said after two of the explosions that Clark, who has pleaded guilty, visited the job and said:

"If you don't put union men on there we'll fix you."

Gihlon also described two explosions on jobs in Cleveland in 1906. At one of them in September on a railway trestle, he said, a satchel containing twelve sticks of dynamite, fuse and a clock which evidently had been thrown out of a passing train, was found.

DRAMATIC SCENE IN LEWIS TRIAL

Wife on Stand Testifies Reason
Husband Killed C. H. Toliver.

San Diego, Cal., Oct. 23.—Mrs. Hubert Lewis, whose husband is on trial here for the alleged murder of C. H. Toliver and his wife, Kate Toliver, declared on the witness stand today that the killing of the Tolivers was the sequel to a criminal attack upon her in which Toliver had been aided by his wife. Mrs. Lewis testified that when she related the circumstances to her husband his rage deprived him temporarily of his reason and he sought the Tolivers and shot both to death. Half fainting and weeping continually Mrs. Lewis broke down frequently during her recital. She said that nearly a year ago her husband had been sent to San Francisco on business by the Tolivers who are wealthy. After his departure she was invited to the Toliver home one night and there the attack on her was made. Mrs. Lewis told the jury that Mrs. Toliver confessed to her that she had participated in the assault because she feared her husband was about to leave her.

At the conclusion of the direct examination Lewis broke away from his attorneys and rushed to the witness stand, where for some minutes he and his wife clasped in each others' arms and wept.

WILL NOT BE DEPORTED.

Des Moines, Iowa, Oct. 23.—Rosa Frebirtlova, a young Bohemian girl, was returned to Des Moines today by S. L. Whitfield, the government inspector, who yesterday started with her to New York whence she was to have been deported.

Intervention on the part of Congressman S. P. Prouty, who believed the girl was being illegally deported, and his telegram to Secretary Nagel of the department of commerce and labor, resulted in Des Moines to be reopened in the federal court.

HARTLEY GOES TO SIOUX CITY.

Spokane, Wash., Oct. 23.—"Chick" Hartley, the heavy hitting outfielder of the Spokane Northwestern league team, has been traded to Sioux City of the Western league for Outfielder Ten Million who played with the St. Louis National club and Sioux City last year. Hartley hit .384 last season, leading the league.

FEDERAL FORCES CAPTURE VERA CRUZ

FELIX DIAZ AND STAFF TAKEN
WITH LITTLE BLOODSHED.

Federal Troops Meet With Slight Resistance in Entering and Capturing City—Victory Will Strengthen Administration.

Vera Cruz, Mexico, Oct. 23.—Felix Diaz with the whole of his staff was captured today and all the rebels disarmed. The casualties were insignificant.

The government forces occupied the city with very little opposition. General Luis Valdez and Col. Jimenez Castro with their respective columns of federal troops were the first to enter the place. They met with only slight resistance. When the federal troops entered the city they first took possession of the custom house. Then they seized the municipal buildings and the telegraph offices.

The revolutionists in the barracks have not yet surrendered. They say they will hold out until the last man is killed. However the weaker spirits seem to be trying to escape.

Killed and Wounded Few.

The killed and wounded number less than 100. No foreigners were killed. Desultory firing continued after the federal had entered the town. Instead of a great battle everything was in a muddle. Rebels and federal forces encountered each other in the streets without one knowing which side the other was affiliated with as uniforms of all were alike.

Colonel Jimenez Castro was shot in the leg during the first firing. Col. Diaz Ordaz of the twenty-first infantry who joined General Diaz with his troops in the revolution has disappeared but an active search for him is being made. The rebel forces have been disarmed and many made prisoners and it is thought probable that they will be ordered shot by summary court martial. It is announced that the soldiers will not be punished.

The United States cruiser Des Moines sent Lieutenant Burns and Passed Assistant Surgeon Cohn ashore to attend to the wounded.

Report Is Confirmed.

Mexico City, Mexico, Oct. 23.—The taking of Vera Cruz by the federal forces is continued from all quarters. President Madero has sent the following dispatches to the governors of all the states:

"Vera Cruz is in the hands of the loyal troops. Diaz has been taken prisoner."

There is much suppressed sentiment here over the federal victory but little elation. On the contrary, that the movement was so quickly suppressed has caused much surprise. The general opinion is, however, that the government success will operate greatly to strengthen the administration.

Will Receive Death Penalty.

General Felix Diaz, Col. Joseph Diaz Ordaz and all the officers of the rebel troops and marines were hauled before a court martial and will suffer the death penalty. Orders have been given for the convening of the court. Gen. Diaz, although not now a member of the army, is held under the law which provides a death penalty for engaging in a revolution.

This information was imparted officially tonight. The collapse of the Diaz movement one week after its inception, with a minimum of fighting and bloodshed has created the greatest surprise here.

General Diaz after General Reyes has been regarded as the man who could wield the greatest influence with the army and the people generally. His rebellion ended in a fiasco only slightly less pronounced than that of Reyes last December, removes a danger which has long loomed on the political horizon.

It was early reported that all the officers involved in the movement stood an excellent chance of condemnation to death within a few hours.

The troops under General Blauquet who came here from the north last night and proceeded immediately to Vera Cruz got no further than Orizaba. They have received orders to return and will leave soon again for the north to renew the campaign against Orozco. Five hundred troops have been despatched to Tuxpan to restore order. All other troops will be returned to the points from which they were drawn for the Vera Cruz campaign.

CORNELL GRADUATE A SUICIDE.

Chicago, Oct. 23.—Richard Whitte, a graduate of Cornell university, committed suicide in a rooming house today, leaving a half finished letter to a friend declining to act as best man at his wedding, as the only clue for his suicide.

Whitte was employed as a salesman for an automobile concern. He was 31 years old.

PAPKE DEFEATED FRENCHMAN.

Paris, Oct. 23.—Billy Papke, the middle-weight lighter of Illinois, tonight defeated the French champion, Georges Carpentier. The Frenchman quit after the seventeenth round. At the weighing in at 3 o'clock in the afternoon Papke exceeded the middle-weight limit. Carpentier was under weight. The Frenchman immediately claimed the title of middle-weight champion. He said: "The fight will proceed as arranged, but it will not be for the title, which now belongs to Carpentier."

WITNESSES DESCRIBE MONOPOLY METHODS

HEARING BEGUN BY GOVERNMENT
TO DISSOLVE TRUST.

Business Methods of International Harvester Company Are Brought to Light By Testimony of Ex-Officials.

New York, Oct. 23.—When the International Harvester company, the so-called harvester "trust" was formed in 1902, its organization was made up of directors, some of whom held office not longer than 24 hours, according to several witnesses who testified today when hearings were begun here in the government's suit to dissolve the harvester company. Their connection, however, was long enough the testimony ran for them to aid in the purchase of independent companies which formed the combination.

One of these directors was R. E. V. Cravath, who resigned after one day's directorship. He testified that his financial assistance to the trust was the purchase of the Minnie Harvester company for nearly a million dollars this company later passing into the control of the trust.

Abraham Hyatt, vice president of the Lincoln Trust company, was another witness who testified he was a director for a day only, while E. M. F. Miller, a Wall street broker, declared he was the first president of the harvester company, although he had never been in the business, nor held connection with a harvester company prior to his election.

One of the witnesses said George W. Perkins suggested his election, but did not recall who asked him to resign while other witnesses said they could not remember who suggested either their election or resignation.

Mr. Miller said he was sure he held office as president longer than 24 hours. He had never expected, he declared, to have permanent connection with the company either as president or director.

Mr. Cravath, a Wall street banker, said that when elected a director he expected to continue as a member of the board, but the very next day he was asked to resign. In purchasing the Minnie Harvester company, he said, he did not act independently, but at the instruction of others and that he thought he borrowed \$945,000 from the banks for which to purchase the stock.

Joseph P. Cotton, Jr., a Wall street lawyer, who said he attended to matters of detail in the incorporation of the company, testified that at a meeting of the stockholders in August, 1902, he held proxies for about 99 per cent of the shares and voted them under instruction from the voting trustees, who he said were George W. Perkins, Cyrus H. McCormick and Charles Deering. It was at this meeting the witness testified that permanent officers and directors were elected.

ROOSEVELT IS STILL IMPROVING

Physicians Say Wound Is Healing
Rapidly—Barrier Is Maintained
Between Sagamore Hill and Rest of World—Colonel Sees But Few Visitors.

Oyster Bay, N. Y., Oct. 23.—The barrier between Sagamore Hill, and the rest of the world was up today and nothing was to be seen of Colonel Roosevelt. A few visitors, however, succeeded in getting past and through them the news filtered out that the colonel was steadily improving. At nine o'clock tonight after his physicians had examined his wound, they gave out this bulletin:

"Colonel Roosevelt has been resting in bed since his return home and is distinctly better. The wound shows that healthy healing processes are going on."

Colonel Roosevelt took a dip into politics once more today. One of his visitors was George W. Perkins of New York who with Senator Dixon of Montana has charge of the colonel's campaign. Colonel Roosevelt had been impatient to see Mr. Perkins to get into touch with the political situation again, after being out of the fight for more than a week. He was thoroughly refreshed when he awoke this morning and showed no ill effects from his trip from Chicago so that it was safe for him to talk politics for a while and word was sent to Mr. Perkins to come to Oyster Bay. Mr. Lyman Abbott of New York and his sons, Lawrence and Ernest Abbott, who are associated with Colonel Roosevelt in his editorial work also spent a short time at Sagamore Hill.

The colonel was permitted to sit up for a time and even moved about the house, but Mrs. Roosevelt kept a close watch on him to keep him from over-exerting himself. He ate three big meals and it was said that he was in fine spirits and appeared to be in the best of condition, having more strength than at any time since he was shot. By tomorrow he expects to be able to do some work. The time remaining before election day is so short and the amount of work so large that he would like to begin at once.

Dr. Terry who is staying in Oyster Bay to keep close watch on the colonel, visited Sagamore Hill today.

HARD FIGHTING AT ADRIANOPLE

ALLIES ARE COMING CLOSER TO
DISPUTED POINT.

Continued Successes of Allies Comes at Heavy Sacrifices—Both Sides Show Utmost Bravery—Servia May Be Next Battle Scene.

London, Oct. 23.—The news from the seat of war tonight tells of the continued successes of the allies. The Servians have captured Novipazar and are virtual masters of Kumanova. The victories, however, have been purchased at heavy sacrifices. The situation in Thrace is becoming clearer. A great battle is being fought over a wide semi-circular frontier before Adrianople upon which town the Bulgarians gradually are closing in. On the east they have occupied Vasilika and Tirnovo and are continuing their advance southward.

On the west the Bulgarians, according to official accounts, have reached the Arda river close to Adrianople which is being vigorously bombarded. Already the two outer ports have fallen. Some positions to the north of Adrianople are also said to have been taken after fighting of severe character. Of the army in the center, operating in the direction of Kirk-Kilisse there was no news today and evidently that fortress still is holding out.

May Be Decided Today.

It is said that tonight's Constantinople despatches said that a decisive result is expected tomorrow.

It is admitted that a heavy struggle is in progress in which both sides are showing the utmost bravery. Information concerning the Montenegrin progress is meagre, but the Turkish authorities that Scutari has been reinforced and is safe.

A Soloniki despatch asserts that the Malissori tribes are offended because the Montenegrin commanders are proclaiming the sovereignty of King Nicholas in the captured towns. They demand that King Nicholas give a guarantee that he will vacate Albanian territory and secure autonomy for Albania. So far they have received no satisfactory answer and it is reported that they are refusing to fight further for the Montenegrins whose advance has been there checked.

The next news of the Greek campaign should be an important battle around the town of Servia to which place the Turks have retreated from Ellassona and have been reinforced from the north.

Servians Capture Novipazar.

Belgrade, Servia, Oct. 23.—It is officially announced that the third Servian army today captured the town of Novipazar after fierce fighting and great sacrifices.

The Turks are retiring from Kumanova, but the town still is in their hands. The Servians have completely surrounded it although the Turks hold an important position dominating the town.

The second contingent of wounded numbering 180, arrived here this afternoon. Big crowds cheered as the transport wagons passed. All the schools are fitted up as hospitals.

Greeks Capture Servia.

Athens, Oct. 24, 1:45 A. M.—The Greeks have occupied the town of Servia, and have also captured the bridge over the river Aliakmon, thereby cutting off the retreat of the Turks. The Greeks captured 22 guns, made many prisoners and scattered the Turkish army. A number of prisoners including one lieutenant colonel were taken.

Two battalions of Greek ezonnes under Lieut. Col. Constantino attacked two battalions of Turks near Vlakhiolivado, dispersing them.

JUDGE IS DROWNED.

Muscatinge, Ia., Oct. 23.—Judge Jerome Clark Carskadden was drowned in the Mississippi river here tonight. He had appeared to be in good health during the day. Late in the afternoon he closed his office and walked to the river front. Walking out on a pier he seated himself with his body partly in the water. Before men, who saw this action, could reach him he pitched forward into the river. He struggled for an instant and then went down. The body was recovered.

BROUGHT BACK TO JAIL.

Rockford, Ill., Oct. 23.—Miss Lucile Cameron was brought back to Rockford tonight by Deputy United States Marshal Marsales. She was accompanied by her mother, who will share her cell in the county jail until next week. The girl is tearful and appears to be reconciled to giving up the negro.

INSTITUTE AT LITERBERRY.

Two Excellent Addresses Heard By Large Crowd Wednesday Afternoon.

Wednesday afternoon at the Woodmen hall in Literberry was held the third of a series of institutes which are being held in the county prior to the County Institute which is to be held at Waverly Friday and Saturday of this week.

A large crowd gathered in the hall and quite a number of exhibits of pumpkins and grain was evidence, but no awards were made. The first address of the afternoon was made by Lindsey Reece of Pana who spoke from the subject, "Development of Soils," and the other was by Mrs. Bangs, who talked on Domestic Science. Both of the addresses were full of helpful suggestions and valuable information and they were well received by the large audience.

The next institute will be held today in Murrayville and the series will close with the county institute at Waverly the last two days of the week.

J. G. Criswell, a painter living at 549 North Mulberry street, Hagers-town, Md., states: "I had kidney trouble with a severe pain across my back and could hardly get up after sitting down. I took Foley Kidney Pills and soon found the pain left my back. I could get up and down with ease, and the bladder action was more regular and normal." Try them." City Drug Store, J. A. Obermeyer.

THE COLLEGE RAMBLER.
The latest number of the Illinois College Rambler is a production of much merit. It is larger by four pages than usual and has a number of good features. The first thing to attract attention is a production by an embryonic Goldsmith or Longfellow and entitled a "Class Day Song." Though short, it is very good. The editorials are good and well chosen, dealing with live topics, of which the writer heartily indorses and that is on keeping alive old customs. New members are welcomed to the staff and a kindly comment is made on the receipt of new books for the library. The general library of Dr. H. W. Milligan, gift of Dr. Josephine Milligan and her brother, Lawrence. Also, philosophical library of the late Dr. H. K. Jones and containing nearly a thousand volumes and a number of books bought. Garm Norbury contributes an excellent article on the early days of the college, space is given the societies, the Y. M. C. A. and the Y. W. C. A. There are some good lines by Henry Caldwell and a fine notice with portrait of Hon. Andrew Russell. Alumni notes, a memorial of Dr. Bradley, account of the 85th birthday of Dr. William Jayne and college news, all of which make up a good number.

SHERMAN ADDRESSES LETTER IN PUBLIC

VICE-PRESIDENT CALLS ATTENTION TO TWO GREAT CAMPAIGN ISSUES.

Constitutional Liberty and Industrial Opportunity are Involved—Points to Dangers in Democracy's Platform—No Experiment if Taft is Kept in Presidency.

Utica, N. Y., Oct. 23.—Vice-President James S. Sherman tonight contributed a prepared address to the Republican campaign, in which he dwelt upon two issues before the country, constitutional liberty and industrial opportunity.

This statement by Mr. Sherman, which is addressed to the American people, is practically his only contribution to the pre-election work of his party, the vice-president's health having made it impossible for him to take an active part in the campaign. The statement in part, follows:

A National Crisis.
"It has been a matter of keen regret that I have not been able to take an active part in the present campaign. The restraint has been the more irksome as I have realized that we are passing through a national crisis such as we have not experienced since the civil war. It is hard indeed to be only an onlooker at such a time and I am almost impelled to disobey the doctor's orders and rush into the conflict, but I must not for I have private and public obligations for which I must conserve my health. Still I cannot refrain from sending out a few sentences for which I ask the consideration of all my fellow citizens.

"There are two great issues in this campaign which stand out alone. One, our constitutional liberty—the other industrial opportunity. I realize fully the spirit of unrest that has been aroused during the last few years by muckrakers and demagogues. I appreciate most thoroughly and join most heartily in the desire for social and political betterment. I am in full sympathy with every well directed effort to elevate still further our already high standard of living, to eradicate injustice and iniquitous conditions in our social and industrial life, but I ask in all seriousness if any evils that have crept into our national affairs can be eliminated by breaking down our constitution, by attacking the courts or increasing the power of the mob. Happily I believe this threatening danger which seemed to menace our institutions has been averted.

"But a great menace remains. We cannot improve the present social and civic situation by tearing down existing industrial conditions and abandoning opportunity for individual and national progress. **Tariff for Revenue.**
"The Democratic platform for 1912, as did the Democratic platform of 1892, declares unconstitutional the imposition and collecting of tariff duties, except for revenue. The Democratic candidate, Dr. Wilson has declared that he would repeal all protective duties. The present Democratic house of representatives has put itself on record in favor of the lowest possible import rates. So we may assume that in the event of Democratic success, we shall have a tariff for revenue only.

"We are today enjoying a larger degree of prosperity, a greater volume of employment and higher individual and collective wages than ever before in our history. No man can be idle who can or will work. The newspapers, the press, the columns are printing ten-fold more help wanted than situations wanted advertisements. Our farmers have harvested the most valuable crop ever known, our railroads facilities are taxed to their utmost to handle it. Our merchants were never so busy and our banks are bursting with surplus funds. We are selling largely more than we buy, ensuring a favorable balance of trade to meet our foreign obligations. Every year under the present tariff law we have had a substantial treasury surplus. We are as contented, prosperous and happy as an ambitious people can be who are ever seeking to improve present conditions and to increase a constantly growing income. The issue then is whether we shall go forward or whether as in 1816, 1846, 1857 and in 1894 under low tariffs, we shall go backward.

Europeans Look to Entrance.
"Eagerly indeed are the manufacturers and producers of Europe and elsewhere looking for an entrance into and then possession of our markets. Greedily indeed are they envying fifteen billions of bank deposits over four billion dollars of which are the savings of the working classes. A tariff sufficiently low for sufficient revenue without protection to our labor and industries means an importation of billions of dollars worth of foreign goods to take the place of our home products with resultant idleness or a reduction of American wages to the foreign level.

History Proves Case.
"This may not be a new idea but it is truth. It is history. It is experience. An idle, impoverished weak people cannot make progress, either social or industrial. We have the most progressive people of all history and this has come under Republican legislation and administration. No individual or band of individuals can appropriate the word 'progressive.' Pretense is not progress, promise is not progress; only performance brings real progress and the attainments of the Republican party have brought us a national progress which today is the envy and admiration of the civilized world.

"Shall we again destroy confidence? Shall we open our ports and

No Need to Worry:

About the durability of the building you erect if you purchase the lumber in the yard of

Crawford Lumber Co.

and present our splendid home markets to European China and Japan? Shall we take from our people all industrial opportunity, driving them to idleness and depleting our capital and savings? The tariff for revenue only promised by our opponents will do it quickly—and it would take years to recover.

Taft Not an Experiment.
"To re-elect President Taft would be to follow experience and not experiment. The government would continue to be safe in his hands. The nation's affairs would be efficiently and economically managed. Both capital and labor would be unafraid and safe-guarded against an inequitable foreign tariff and unjust conditions at home. Conditions of labor and production were never more nearly ideal than now. Their continuance can be assured only by the continuation of the Republican administration of President Taft."

HAS ALEXANDER FOUND THE SAME?
The Answer is Found in the Straight-forward Statement of an Alexander Resident.

We have been reading week after week in the local press of Jacksonville citizens who have been rid of distressing kidney and bladder troubles by Doan's Kidney Pills, and we have often wondered whether the same high opinion of this medicine is to be found in our neighboring towns. This frank and earnest statement by a well-known and respected resident of Alexander will set this doubt at rest:

John William Aurlbaugh, farmer, Alexander, Ill., says: "About two years ago I took several boxes of Doan's Kidney Pills and will say that they did me more good than all the doctors I had experimented with. I have been bothered very little with my back since I used Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Geo. T. Craddock, Rubie, Ark., says: "I was bothered with lumbago for seven years so bad I could not work. I tried several kinds of kidney medicine which gave me little or no relief. Two bottles of Foley Kidney Pills cured me and now I can do any kind of work. I cheerfully recommend them to my friends." City Drug Store, J. A. Obermeyer.

A Matter Of Daily Interest To You

ROBERTS' BLENDED COFFEE—The successful result of years of painstaking effort on our part to duplicate in the breakfast cup, regardless of cost or selling price, that wonderful flavor, pungency and strength of the now almost extinct genuine OLD GOVERNMENT JAVA & MOCHA and Mocha of a generation ago.

ROASTED WITH CARE—Roasting has played an important part in this achievement. Each berry is perfectly cooked through and through, regardless of the enormous shrinkage.

STEEL CUT INSTEAD OF GROUND—Instead of crushing or pounding Roberts' Blends of Coffee into an uneven mass, thereby impairing the strength and flavor, it passes, on each individual, order through a series of steel knives which granulate the berry into uniform, clean cut particles, producing a rich, clean brew of the FINEST COFFEE YOU EVER TASTED.

SOLD IN BULK—Roberts' Blended Coffee is sold by us exclusively in bulk, direct to you. By so doing we save you the expense of the can, label and labor, saying nothing of the advertising.

MUELLER'S MACARONI—Our sale on Mueller's Macaroni has been well nigh phenomenal and already satisfied customers are coming back and asking for more of the Mueller brand. It has a flavor, a general excellence which can be proven to any consumer.

FURTHER PLANS FOR NEW HOME

ENTHUSIASTIC MEETING HELD LAST NIGHT IN ELKS' HALL.

Committee is N Named For Financing Plan Now Before the Local Lodge For New Quarters—\$10,000 Already Pledged Toward \$30,000 Building.

An enthusiastic crowd was present last evening at the regular meeting of the local lodge of Elks, No. 682, and beside the routine business of the evening the discussion centered principally on the proposed new home which the Elks are planning to build here in the near future. The building as planned and for which \$10,000 has already been pledged will be a credit to Jacksonville and will be modern and up-to-date in every way. The hospitality and charity of the Elks nationally is well known and the local organization proper no exception to the national Elk reputation. The proposed new building will be a help to the city in many ways as well as to the local lodge and all will join in congratulating the Elks on the project.

The committee named last night for the work of soliciting members of the lodge for the purpose of raising the additional \$20,000 needed to promote the enterprise is composed of the following: George W. Davis, J. H. Hackett, David Estaupe, C. N. Thompson, Charles A. Barnes, Geo. L. Orear, J. G. Reynolds, William H. J. Z. Scott, F. J. Andrews, Paul Alexander, Bernard Gause, James Elliott, F. E. Farrell, J. R. Robertson, R. S. Fanning, Frank Leach, W. A. Fay, M. F. Dunlap, M. L. Hildreth, C. R. Knollenberg, L. H. Pratt, Gates Strawn, R. S. Woods, A. M. King, Joseph Jackson, Marcy Osborne and B. G. Graff.

The officers of the Jacksonville lodge, B. P. O. E. No. 682, are: Exalted ruler—A. M. King; Esteemed leader knight—George J. Orear; Esteemed loyal knight—Joseph Jackson; Esteemed lecturing knight—W. A. Fay; Chaplain—H. K. Chenoweth; Secretary—B. G. Graff; Esquire—Marcy W. Osborne; Inner guard—Robert Tilton; Tiler—Clarence Lukeman; Treasurer—Henry Smith; Trustees—George Smith, F. L. Sharpe and J. G. Reynolds.

The committee will meet for further organization and business within a few days.

Mrs. Paul Wehling, 316 Smith St., Peoria, Ill., had kidney and bladder trouble, with terrible backache and pain across the hips. "I just imagine her condition. She further says: 'I was also very nervous, had headaches and dizzy spells and was fast getting worse when I took Foley Kidney Pills, and now all my troubles are cured. Foley Kidney Pills have done so much for me I shall always recommend them.'" City Drug Store, J. A. Obermeyer.

Fit His Case Exactly.
"When father was sick about six years ago he read an advertisement of Chamberlain's Tablets in the papers that fit his case exactly," writes Miss Margaret Campbell of Ft. Smith, Ark. "He purchased a box of them and he has not been sick since. My sister had stomach trouble and was also benefited by them." For sale by all dealers.

BISHOP CONSECRATED.
Chicago, Oct. 23.—Rev. Harry Sherman Longley of St. Mark's church, Evanston, was consecrated suffragan bishop of the Episcopal diocese of Iowa today.

Holy communion was celebrated by the Right Rev. Daniel S. Tuttle, bishop of Missouri, and the Right Rev. Charles T. Olmsted, bishop of Central New York, preached the sermon.

QUIS CALOMEL!
Thousands are turning from this Dangerous Drug.

A Safe Vegetable Substitute is Olive Tablets for the Liver.

Dr. F. M. Edwards, a prominent physician of Ohio, has discovered a new laxative and liver toner in a combination of vegetable materials, mixed with olive oil, which is in effect almost exactly like the old and untrustworthy calomel, except that there are none of the bad after effects of calomel.

Dr. Edwards has long been a foe of calomel, though he recognized its value along with its dangers.

His distrust of the uncertain drug eventually started him years ago towards experiments with the view of discovering a substitute, and he is today in possession of the long-sought-for combination, which is in the shape of a little sugar-coated, olive-oil colored tablet.

The results of 17 years' experience and practice are embodied in these marvelous little tablets.

They are called Dr. Edwards' Olive Tablets. They oil the bowels, and their effect on the liver has been the means of relief to many of Dr. Edwards' regular patients as well as to thousands of others who have suffered and were afraid of calomel.

They are gentle in their action, yet always effective. They bring about that exuberance of spirit that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of harmful impurities, 10c and 25c per box.

PRISONER REVEALS MOTIVE FOR CRIME

Says Common Law Wife Deserted Him and He Shot Her For That Reason.

Bridgeport, Conn., Oct. 23.—After being questioned by detectives and state policemen for several hours tonight, Joseph Buonomo of Chicago admitted that the reason he killed his common law wife, Jennie Cavallieri last night near Stratford, was because she had refused to go back to Chicago and live with him. Until tonight he had steadfastly maintained that he did not know what he was doing, being drunk when he, with four other men, took her in an automobile to a cemetery near Putney last night and shot her to death. Buonomo said that he had lived with the woman in Chicago for the last four months and that this week she was found to be missing. He went to New York and being unable to find her there, came to Bridgeport to see his friend Frank Pizichillo, thinking he might have seen her. Pizichillo remembered seeing her in Bridgeport and told Buonomo he could locate her. Arrangements were made and the automobile ride with its fatal ending resulted. Buonomo denied that the shooting was in any way prompted by revelations the dead woman is said to have made concerning the white slave traffic in Chicago. He said the only reason he shot her was that she would not live with him.

The police, however, still cling to the theory that the woman, who was a character in the Bridgeport underworld, was killed because she had revealed the inner workings of the white slave traffic in Chicago.

Police Cling to Theory.
While Buonomo's confession seemingly nullifies the police theory as to the motive, police officials still insist that the shooting is an outgrowth of white slave troubles in Chicago. Their principal reason for clinging to the theory is because of the character of the men who were with Buonomo at the time of the shooting. Matteo and Pizichillo, the other men being held, also were subjected to a close examination tonight, but each in turn denied any knowledge of premeditated shooting. They declared that they knew of no motive for the crime.

Well Known In Chicago.
Chicago, Oct. 23.—Charity workers in the segregated district here threw some light today on the history of Jennie Cavallieri, who lived here as Rosie Bruno. She had appealed to them for protection from the life she was leading and had asked help to establish herself in better surroundings.

Information she gave the charity workers is in possession of the government agents of the department of justice who gained therefrom new knowledge concerning an intermittent traffic in women. Joe Bruno, with whom she lived here, was named in her story.

It was disclosed that in a fight over her possession Nick Sarracl, a resident of the restricted district was killed last July 4. She lived at Sarracl's house and Bruno took her to the house of a man named Marino. Sarracl came to claim her and Marino shot him dead.

EVERS WILL BE CUB MANAGER

SAID TO BE MURPHY'S CHOICE FOR TEAM PILOT.

Tinker is Given Permission to Negotiate With Cleveland Management for Leadership of Reds.

Chicago, Oct. 23.—John J. Evers, second baseman of the Chicago National league team, will be manager of the team next season, succeeding Frank Chance. This announcement was made by a friend of the player today with a positiveness that carried conviction.

Evers himself declined to be quoted on the subject and C. W. Murphy, president of the club maintained the attitude of non-discussion which he has kept since his recent pronouncement that Chance would not be at the helm in 1913.

At that time Murphy said he had selected Chance's successor and described the new manager as "the youngest in the league, speedy, enthusiastic and a brainy player."

Since then he has intimated that the new manager would be one who has not hitherto occupied such a post.

The announcement last night that Murphy had given permission to Joe Tinker to negotiate with the Cincinnati management regarding the leadership of that team eliminated the short stop from the list of those whom rumor had named as Chance's successor. It is also seemed to strengthen the belief that Evers would be given the place and practical confirmation that such was the correct guess on the situation came today.

It was authoritatively announced that Evers will sign his contract as manager tomorrow. What terms the contract will carry could not be learned.

Evers' home is in Troy, N. Y. He came to the local National league team in 1902 and after a brief career as an utility player was made regular second baseman.

Chance whom he is to succeed as manager has been playing here since 1898. He signed as a captain under A. C. Anson, became first baseman on the latter's retirement and manager of the team in 1906, when the late Frank Seelye gave up the post because of ill-health. When Frank Chance was informed that Evers would be the next manager of the club he replied:

"I have no doubt it is true. Evers is a good man for the position, too."

President Charles W. Murphy of the Chicago National league baseball team tonight confirmed the report that the leader of that team for the next five years would be John Evers, second baseman in this year's team. Evers said he expected to sign a contract for the five year term tomorrow and President Murphy indicated that his understanding was the same.

"I'm glad my successor has been selected," said Former Manager Frank Chance, when told of Evers' selection. "I wish him all the luck in the world."

Chance is going to his California home in a few days. Evers has been a member of the Chicago Cubs since 1902.

QUICK RELIEF FOR RHEUMATISM.

George W. Koons, Lawton, Mich., says: "Dr. Detenon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.

THE HOT STORM

—the stove with a "little furnace" in it

Is the happy combination of both methods. It heats by radiation—from every inch of its great surface; it warms the floor—just as efficiently as a Base Burner; and it circulates continuously a wonderful volume of pure and intensely heated air. "A Parlor Heating Plant," it has been termed—and the phrase fits it exactly. It works like a furnace, because it's built like one, heating all the rooms of a house—upstairs and downstairs—just as efficiently as a furnace.

And now note carefully this fact—no extra fuel is required to feed the Little Furnace. The hot air which it distributes is that which in the ordinary stove is shot up the chimney and wasted. The volume of this hot air has been proven by careful tests to be from 50 to 75 per cent. of all the heat generated from the coal.

WHY CADETS WEAR GRAY.

Origin of the Uniforms Used at West Point and Annapolis.

While stationed at Buffalo in the summer of 1814 General Scott wrote to the quartermaster for a supply of new clothing for the regulars. Word soon came back that blue cloth such as was used in the army could not be obtained owing to the stringency of the blockade and the embargo and the lack of manufactures in the country, but there was a sufficient quantity of gray cloth (now known as "cadet gray") in Philadelphia. Scott ordered it to be made up for his soldiers, and in these new gray suits they marched down the Niagara river, on the Canadian side, in the direction of Chippewa.

It was just before the battle known by that name, which occurred early in July. General Biall, the British commander, looked upon them with contempt when preparing for battle on the morning of the 5th, for the Marquis of Tweeddale, who, with the British advance, had skirmished with them all the day before, had reported that they were only "Buffalo militia" and accounted for their fighting so well and driving him to his intrenchments north of the Chippewa river by the fact that it was the anniversary of American independence that stimulated them.

On account of the victory won at Chippewa on that day, chiefly by these soldiers in gray, and in honor of Scott and the troops that style of cloth was adopted at the Military academy at West Point as the uniform of the cadets.—New York Press.

MADE ALL FRANCE LAUGH.

The Political Fight Between Dumas and Paul de Kock.

When Dumas pere opposed Paul de Kock for the representation of a Paris arrondissement the historic campaign convinced the whole of France. Dumas' address was very brief. Substantially it ran:

"I have written 400 volumes and thirty-five plays. The books have brought in 11,453,000 francs and the dramas 6,360,000 francs. My work and my success have kept 2,500 people alive for thirty years."

Paul de Kock was more than equal to the occasion in his reply:

"I have kept many more people alive. My sixty-three novels have brought in 63,000,000 francs. I live in the Boulevard St. Martin. From 5 to 6 o'clock in the afternoon I sit at my window watching the cocoanut vendors pass. All France knows it. So not a visitor comes to Paris without writing in his notebook that he must not forget to go and see Paul de Kock at his window watching the cocoanut sellers. Each of them naturally takes the omnibus to get to the Boulevard St. Martin—thenceforward, afterward, the omnibus again—another three pence. Twenty thousand sixpences a year for twenty years! To the omnibus company alone I have brought £10,000. I pass over the Russian princesses who have been so eager to see me that they have not shrunk from the expense of a cab"—London Graphic.

The Lady or the Tiger.

Somebody told Henpeck the story of the lady and the tiger, describing vividly how the poor lover stood trembling before the door of the cage, wondering whether his fiancée would choose to surrender him to another woman or hand him over to the jaws of the tiger.

"Pooh!" commented Henpeck. "That's how it is with me at home. Every time I go in the gate I never know whether I'm going to meet a lady or a tiger."

BURGLAR SHOT AND KILLED.

Newark, N. J., Oct. 23.—Oliver Woods, alias Ryan Murphy, a member of a gang of burglars who have been operating in Chicago, Cleveland, Buffalo and the Hudson river valley for some time, was shot and killed here tonight by a policeman. Woods was shot while running up a steep hill. Policeman McLaughlin fired into the air intending to frighten the fugitive, but miscalculated his angle of fire and the bullet hit Woods.

M. E. MINSTERS ARE HOLDING CONFERENCE

Almost Every Church in Jacksonville District is Represented—Bishop McDowell the Special Guest—Dinner and Speeches at Centenary.

Wednesday was an important day in Methodism for Jacksonville. The annual meeting of the pastor and district stewards of Jacksonville district of the Illinois conference was held at Centenary church and at the Woman's college with Bishop W. F. McDowell as a special guest of honor. Bishop McDowell arrived in Jacksonville at 11 o'clock and proceeded to begin to carry out a very strenuous program arranged for him by Dr. Harker and Dr. McCarty. Bishop McDowell made an address to the Woman's college students at the chapel exercises which had been changed to that hour to make his address possible. In addition to the students a great many visiting ministers and church officials were present. At the noon hour a dinner was given at Centenary church in connection with the pastors institute where Bishop McDowell was the first speaker on the program. Then at 4 o'clock he made an address on evangelism and last night at Grace church delivered his great lecture on "Life and the Bible."

Almost every minister having a church in Jacksonville district and practically all of the district stewards were present and the conference as arranged by Dr. McCarty has been exceedingly helpful to all. The morning program, which began at 10 o'clock with a devotional service read by Rev. J. A. Biddle, Murrayville, was carried out as follows:

Morning Program.
Preparation for the Revival—(a) Awakening the Church—Rev. Harry McPherson.

(b) Cultivating the Field—Rev. N. M. Rigg.

Our Connectional Benevolences—(a) The Problem of Information—Rev. A. N. Simmons.

(b) Methods of Raising Money—L. F. Berger.

Campaign for the Dollar Advocate—Rev. Peter Kittel.

The Sunday School as an Evangelistic Force—Rev. E. A. Hedges.

Dinner at Centenary.

The dinner was served by ladies of Centenary church and the bill of fare was excellent. Indeed, after the final course Dr. McCarty introduced as toastmaster Edward G. Saye whom the minister said had helped him out of many difficulties during the past few years. Mr. Saye filled the difficult roll as toastmaster very successfully introducing each speaker in an appropriate way. He referred to his early training as a Methodist down in Southern Missouri where the custom was in those days among southern Methodists to look upon northern Methodists with some hostility. The speaker was glad that that feeling had disappeared with the passage of years and he expressed the hope that time will come when all Methodism will be acting as a unit in battling the common foe.

He first introduced Bishop McDowell, who after some humorous remarks emphasized the very point brought out by the toastmaster and hoping for a united front on the part of all Methodism in seeking to make the world better. The Bishop held up as a high standard for the church that its members must take counsel not of irritations, but of those things upon which they agree. He said that no church can live, and prosper, and do its proper work if the members are taking counsel only on their differences and disagreements.

"Striking a new district" was the theme assigned Rev. J. P. Edgar of Carrollton. He was transferred this year from the Champaign district to the Church at Carrollton—and expressed the highest hopes, and ambition, for good work on his own part and on the part of every church in the district.

Rev. H. F. Cusick was given the theme, "Fun of Itinerating." He said that he had joined the conference at Centenary church 22 years ago and so this conference at the church after this intervening time had special interest for him. He spoke of the cordiality and intimate spirit of fraternity which exists between Methodist ministers and their congregation and expressed the opinion that the relationship was not equaled by any other denomination. He complimented Jacksonville for its stand for temperance.

The next speaker was John J. Reeve and his theme, "The Minister as Viewed by the Business World." Mr. Reeve made such a serious and helpful talk to the ministers that at his conclusion one of his auditors made a motion that he be licensed to preach. Mr. Reeve expressed his belief in old time religion and had no sympathy with higher criticism or with that spirit which tends to tear the Bible to pieces, excepting some parts and branding others as mere fiction. The speaker made the point that the church can not do all its work simply by inviting the people there, but that church people must go out into the world and mix with other people and let them see by Godly lives what the church can and does do for people.

The next speaker was O. T. Puri of Carrollton who spoke in place of Rev. F. B. Hubbard on the subject, "Keeping an Eye on the District Superintendent." He laid emphasis on the important work of the superintendents and pointed out that the superintendent's duties are many and arduous and that he deserved the support and aid of the church members all through the district. Mr. Puri is one of the prominent laymen members of methodism in the district.

Future of the College.

The theme very naturally assigned Dr. Joseph R. Harker was "The Woman's College." The speaker first referred to the glories of the college in the past—pointing out devotion and enthusiasm of those men and women, who laid the foundation for the college and who, in the face of many trials and troubles, kept the institution alive and so made possible what the institution is today. He said that they were divinely led in planting the Woman's college here in the Mississippi valley where there was and is, a great need for such a school. Speaking of the future, Dr. Harker said he only wished that he could impress every one of his auditors with the vision that he has of the college. Seventeen years ago the college had about 100 pupils—and today it has almost 400 and the speaker said that if only methodism would be fully and really in earnest about the college that it would be only a few years until 1,500 students were enrolled here. To emphasize this point he mentioned Vassar, Smith and Wellesley colleges as among those in the east who have reached their limit of attendance and who will erect no more buildings. This will mean that there will be great and growing demands for an institution like the Woman's college.

The last speaker was Rev. H. S. Alkire who spoke of "The Minister as a Citizen." He said that if he had been a doctor or teacher, or farmer, or a lawyer that he would have expected to devote himself largely to one thing. But he said as a minister one is expected to be a teacher, scholar, thinker, educator, orator, leader, harmonizer, mixer, builder, prayer, sympathizer, etc. A lot of people tell the minister to preach the gospel and let other things alone but to do his highest duty and to accomplish the most good the minister must take a hand in public affairs and politics. I have taken a part in politics not because I wanted to sometimes, but because the salvation, the institution I was after, was mixed up with politics.

WE WILL QUIT THE RETAIL BUSINESS FOR GOOD

AND FOREVER THE 24th DAY OF DECEMBER 1912

THIS IS ABSOLUTE AND FINAL. After the above date this Great Store that made mercantile history will pass out of existence. Now for the big sale to clean up our vast stock of about \$50,000.00 of wearing apparel for ladies, misses and children. We have always advertised that we carry more stock in our line than all others combined and this is the principal reason why we have forced ourselves out of business. We have crowded our immense store to capacity. We have tied up all our own capital as well as all the outside money we could borrow. The time has come that we must discontinue this unsafe system of doing business. We are plain spoken and sincere. We don't want to keep you in the blind--as to why we do it, etc., etc

In 8 Short Weeks Everything Must Be Disposed Of

Tailor made suits, coats of every description, dresses for all occasions, skirts in endless variety, waists of every popular material, petticoats, rain coats, sweaters, robes, and the largest millinery and fur stock in Central Illinois. **THE WHOLESALE COST AND SELLING PRICE IS ENTIRELY OUT OF OUR JURISDICTION.** We can't possibly hope to sell this stock in the short time unless we absolutely cut the prices to the very bottom and this **WE PROMISE TO DO.** Come yourself, bring your neighbors, your friends, your mothers, sisters and the rest of the family. This is going to be the most unmerciful bargain event in the history of bargain giving. This sale will commence

FRIDAY, AT 8 A. M., THE 25th DAY OF OCTOBER, 1912

The best and choicest will sell first, so come as early as you possibly can. Make up your mind what you want. Bring the money right with you and you will go home with more good merchandise for your money than you have ever before purchased in your life.

THIS WOMAN'S TROUBLES GONE

Terrible Cramps, Dizzy Spells, Nervousness, Misery—Her Story of How She Got Well Again.

Hindsboro, Ill.—“Your remedies have relieved me of all my troubles. I would have such bearing down misery and cramps and such weak, nervous, dizzy spells that I would have to go to bed. Some days I could hardly stay up long enough to get a meal.

“The doctor's medicine did me no good so I changed to Lydia E. Pinkham's Vegetable Compound and got good results from the first bottle. I kept on taking it and used the Sanative Wash with it, until I was well again. I think every woman who suffers as I have, could take no better medicine.”—Mrs. CHARLES MATTHEW, Box 58, Hindsboro, Ill.

Testimony of Trained Nurse.

Cathlamet, Wash.—“I am a nurse and when I do much lifting I have a female weakness, but I take Lydia E. Pinkham's Vegetable Compound and I cannot say enough in praise of it. I always recommend it for female troubles.”—Mrs. ELVA BARBER EDWARDS, Box 54, Cathlamet, Wash.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as those above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the hair is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Send for leaflet describing it. Send for stamps for sample to The Herpicide Co., Detroit, Mich.

MISS ELIZABETH CAPPS DIES SUDDENLY

Death Due to Inhaling Illuminating Gas—Had Been Suffering From Nervous Prostration.

Miss Elizabeth Capps, the eldest daughter of Mr. and Mrs. Charles C. Capps, who has been suffering for several months with nervous prostration, passed away suddenly Wednesday afternoon at about 4 o'clock at the home of her parents, 252 Park street.

Her death was caused by the inhalation of illuminating gas during a fit of despondency and although every effort was used to revive her, they were with out avail and she passed away without regaining consciousness.

Miss Capps was born in Jacksonville, Oct. 28, 1882, and has resided in this city all her life. She became a member of Grace Methodist church when very young and has always been closely identified with its interests.

She graduated from Illinois Woman's college with the class of 1903 and from Jacksonville Business college in 1907 and during the past four years has been connected with the Illinois Woman's college as secretary to Dr. Harker.

Her bright, active mind and splendid attainments made Miss Capps a young lady of personal charm and exceptional ability and her untimely death will come as a shock to a wide circle of relatives and friends.

Inquest Held.
Owing to the facts surrounding Miss Capps' death an inquest was held by Coroner Skinner. The witnesses examined were F. T. Irving, Alex. H. Smith, and Dr. Josephine Milligan. Mr. Irving and Mr. Smith had been engaged in doing some carpenter work at the house and were summoned after Mrs. Capps had noted the odor of escaping gas. They testified to finding Miss Capps in the bath room to all appearance dead from inhaling the fumes.

Dr. Josephine Milligan testified that she had been summoned to the Capps home and found Miss Capps in the bed where she had been placed. Artificial respiration was tried and Dr. Black was sent for and brought a tube of oxygen but to no avail. Dr. Pitner also had been summoned and none of the physicians could note any sign of life. For three months Miss Capps had been under Dr. Milligan's care suffering from psycho-neurosis; with ideas of persecution and self-destruction, and for the last two or three weeks had ideas of self-destruction and had tried several unsuccessful methods. She had been very closely watched, all medicine being taken from the house except that carefully hidden. At times the patient had seemed better and Wednesday was one of those days.

The coroner's jury included S. A. Fairbank, foreman; A. D. Fairbank, W. D. McCormick, C. N. Whitlock, J. H. Rayhill and R. G. Miller, clerk. The verdict was that Miss Capps came to her death by inhaling illuminating gas, while in a state of mental aberration.

Arrangements for the funeral will be announced later.

MORE MONEY FOR ATHLETIC ASSOCIATION.

Plan Arranged For I. C. Expense Fund.

At the regular weekly student meeting held yesterday morning at Illinois college, President Rammelkamp proposed a plan whereby the athletic association might avail itself of an opportunity to secure a fair sized sum of money. Each year an amount averaging one hundred dollars or more is spent by the college in replacing and repairing college property which is often needlessly and carelessly destroyed or injured. Broken window panes are a source of considerable loss and damage to other college property soon amounts to a surprising sum. This damage is not usually wilfully done but is more often the result of carelessness or lack of forethought. President Rammelkamp proposed that a student committee be appointed to act in conjunction with him in determining the average amount which the college has been spending in the last few years to defray expense of this kind. Whatever part of that sum remains unspent at the end of the year will be turned over to the athletic association. Consequently it will be to the interest of the student body as a whole to make an attempt to secure as large a sum as is possible. The plan, which will no doubt be carried out, will have two fold result, namely, to tend to preserve college property from anything above ordinary wear and tear and at the same time to enrich the coffers of the athletic association.

A committee was appointed to make arrangements for a minstrel show to be given some time before the Christmas holidays. The annual leaf raking will be held in the near future. An afternoon is given up to raking leaves on the campus. In the evening while the great pile of leaves furnishes a brilliant bonfire, supper is eaten by the rakers while they are seated around the fire. When the last morsel of pumpkin pie has disappeared, the merry makers spend some time in giving college yells and in singing college songs. Then the whole company moves to the gymnasium where the remainder of the evening is spent in dancing.

Lost Hidden Treasure—Frank Schultze, an eccentric miser living in Peoria, had two thousand dollars hidden in a box and buried under a board in his barn. He dug it up one evening and put it back, and that night he heard some one about the place but thought no more about it but when he went to look for his money it was gone and he was heart broken.

SEE IF YOUR CHILD'S TONGUE IS COATED

If Croup, Feverish, Bilious Give Delicious "Syrup of Figs" to Cleanse His Little Bowels.

Look at the tongue, Mother! If coated, it is a sure sign that your little one's insides, the stomach, liver and bowels are clogged up with purifying waste matter and need a gentle, thorough cleansing at once.

When your child is listless, drooping, pale, doesn't sleep soundly or eat heartily or is cross, irritable, feverish, stomach sour, breath bad, has stomach-ache, diarrhoea, sore throat or is full of cold, give a teaspoonful of Syrup of Figs, and in a few hours all the foul, constipated waste, undigested food and sour bile will gently move on and out of his little bowels without nausea, griping or weakness, and you surely will have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of delicious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed. A little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting genuine old reliable. Refuse anything else offered.

THE BIBLE AND LIFE DR. McDOWELL'S THEME

Methodist Bishop Delivered Powerful Address at Grace Church Wednesday Night—Pointed to Relationship of People and Great Book.

A good sized audience greeted Bishop McDowell at Grace church Wednesday evening and certainly people were never better repaid for their effort and money. His theme was "Life and the Bible." The reverend speaker referred humorously to his visit at the time the church was dedicated and the work he did that day and was in doubt whether the people would ever invite him back again and so he invited himself and the self-respecting men's association could do no less than accept.

Of his excellent address only a brief outline can be given and the writer will also confess his inability to express properly in a condensed form the substance of such a grand effort.

The Book in the Church.
"In every Christian church there is to be seen a book. The doctrines may differ, the furniture may be varied, the fixtures not the same but in all there is a book. Every age has a right to ask the question about that book. This is an inquisitive age, and interrogation point rampant. Some one has said it would be proper to represent this age by two interrogation points rampant and two bishops dormant with the motto, 'Query.'"

"Suppose some one would ask how we came to have the Bible; what would be the answer? A wise man would welcome the inquiry if we shut inquiry out of the door, doubt will come in at the window. The wise man will not at first talk about inspiration for that is a hard word and few understand it."

What England Gave.

"It has been well said that the French have given us what is ornamental and the English what is useful. Like the ruffe have the French supplied the ornamental while the English have supplied the shirt which is the useful. She has a great history from the time the Magna Charta was wrested from King John down to the time when the people enjoy so much civic freedom. How came the poem of the Light Brigade to be written? Because of a great deed. A nation without bravery can never have a great literature. Back of the song must come the deed. This was a man in the history of England who was almost England itself. Oliver Cromwell. How could the grand histories by Carlyle and others have been written without the hero? If I had been asked twenty years ago to name the seven great men of the world one of them would inevitably have been Wm. E. Gladstone. He was loved and hated. The queen didn't like him for she said he addressed her as if she were an audience. When he was urging on her a measure which was distasteful and pressed rather hard she turned on him and said:

"Do you know sir, I am the queen of England!"

"Truly, Madame," was the reply. "and does your majesty know I am the people of England?"

"It would violate all laws of literature had the life of such a man been written if the man had not lived and equally would it have violated all laws of life had the man lived and his life not been written."

The Way to Liberty.
"An English orator once said that Cromwell opened the door of liberty so that man might see through; Washington opened it so that man could go through; Napoleon tried to shut it tight and Abraham Lincoln pushed it clear open and fastened it so that all mankind might pass through at will."

"There are probably none here who fought with Sheridan. He had one failing which was that he never knew defeat when he saw it. One time when he was away his troops mistook an order and were marching where it was not intended they should go. I do not admit they were retreating, but merely marching in the wrong direction, through a mistake. He heard of it and started for the scene and when he reached it he stood up in his saddle and made some 'cursory' remarks which speedily caused the men to under-

stand where they were meant to go and from that famous ride came the poem which has thrilled so many thousands of people.

Lincoln's Great Work.
"Abraham Lincoln came of very poor parents who could do little more than give him life. He studied by the light of pine knots and in the school of nature. He read law and was admitted to the bar, was elected to the legislature and to congress; providentially lost the senatorship and was elected president to guide the ship of state through the troubled seas of a civil war, emancipate four millions of human beings and become the guiding angel of the nation."

"Would it not violate all laws of literature if the life of such a man had been written had he not lived and would it not equally violate all laws had the life of such a man not been written after he had lived?"

"So back of the Bible comes the life of the people who are therein described, the chosen nation of God whose deeds make the marvelous history. I used to think that inspiration was furnished the writers only but I have come to believe that it pertained not only to them but to all who believe in Him who is our Guide and Light. We believe in the presence of the God who led these people whose wonderful story is told. What a fascinating tale is that of the exodus of the people from Egypt. How they came to the Red sea with waters before and foes behind and how could the grand song of Moses and Miriam have been written without the deeds which preceded it?"

The Inspired Word.
"How came the 23rd Psalm to be written? The man on the street would say the people were tired of the 22nd, they had been singing it so long and wanted another and some took a bit too much tea and wrote it. Had that been the fact its number would have indeed been suggestive and correct but it was not; it was the grand inspiration of the shepherd watching his poor, foolish flock, leading them where the pastures were green and protecting them from wild beasts. Let us pass on a little farther to the letters which I am always sorry are called epistles. Take the one to the Galatians. Paul had founded a church and had heard of dissections and had written them a letter with his own hand. Probably his stenographer was away and his eyes were poor so he wrote briefly as he says with his own hand."

"And now we come to the gospels. Could they have been written without the immaculate, divine life of the Redeemer? It is contrary to all reason. Some one has asked if we shall not some day have a new bible. Not until there appears one like Him who was the Son of God; not until there comes one better than Jesus. The bible is at the foundation of all human life; it is in consonance with all the laws of life and literature; it follows the life of the chosen nation of God and the Redeemer of mankind and cannot be anything but the divine, infallible word of God."

MORTUARY

Gregory.

A. R. Gregory has gone to Fort Leavenworth, Kan., to attend the funeral of his brother, Frank Gregory, who died at the soldiers' home at the above named place.

The deceased was a native of Jacksonville and was born in a log house in which his parents lived on the spot now occupied by the Majestic theater. He was a soldier in the war of the rebellion and was a member of Co. B, 10th Illinois Infantry, and served honorably till discharged. He went west soon after the war and has seldom, if ever, seen his native place since.

Coultas.

The death of Helen Gladys Coultas occurred Tuesday in Central City, Neb. She was the daughter of Mrs. C. Guy Coultas, who since the death of her husband, two years ago, had been residing with her parents, Mr. and Mrs. John Breckon at Central City. The little girl was born in Murrayville, June 23, 1910, and died from a complication of disease. Besides the mother one sister survives, Fay Coultas, aged 5 years.

The remains will arrive in Murrayville today and will be taken to the home of her grandparents, Mr. and Mrs. George Coultas. Funeral services will take place from the grandparents' residence Friday morning at 10 o'clock, in charge of Rev. J. A. Biddle. Interment will be made in the Murrayville cemetery.

Julius Jackson, aged 65 died at Jacksonville State hospital. The remains were taken to Gilham's undertaking establishment and later shipped to Knoxville.

Miss Myrtle Pierce, aged thirty died at Jacksonville State hospital. The remains were taken to Gilham's and prepared for shipment to Peoria.

DOUBLE Your Corn Crop

A New Method that Assures 100 Bushels per Acre, Devised by E. M. East, Plant Breeding Expert of Bussey Institute, Harvard University, Based on Experiments Made at the Illinois Experiment Station.

By scientific cross-breeding of two selected varieties of corn, Dr. East has secured strains that will yield over 100 bushels of shelled corn per acre. The fundamental principle of plant breeding has here been put to use and is controlled as completely as the breeding of animals. Any farmer can adopt this method; it is simple yet revolutionary and might easily bring about double yields on the average corn farm. Dr. East explains his new method in detail in this week's issue of

BRESNAHAN, DEPOSED MANAGER OF THE CARDINALS

Photo by American Press Association.

St. Louis, Oct. 23.—"Fight? Am I going to fight? Well I guess yes," Roger Bresnahan, deposed manager of the St. Louis National league club, declared today.

"I am ready to fight for my rights and will go into any court they want me to. I never quit on the ball field, and I won't quit now."

Rumors were in circulation today that President Robert L. Hedges of the St. Louis Americans was after Bresnahan to manage his club next season, and was ready to pay the catch price of \$10,000 a year, his contract with the National league team calls for, but not the 10 per cent of the profits.

TEAMS PLAYED A SCORELESS GAME

J. H. S. DIVIDES HONOR WITH SPRINGFIELD.

Spectators Witness Hard Struggle Between High School Squads Who Showed Strength in Critical Stages of Contest—Wrangle Over Officials Delays Game.

The Jacksonville high school football team practically scored a victory Wednesday afternoon when they held the Springfield high school team to a score of 0 to 0. The visitors have been cleaning up everything this season and are accounted one of the strongest squads in Central Illinois. It was a neck and neck race from start to finish and interesting for both players and spectators. A squabble about officials delayed the contest for nearly an hour and if the game had gone 10 minutes longer at its close, would have been called account of darkness. Both teams were determined on winning the game. Springfield more confident of a victory than the locals, because of their former record and Jacksonville, having two defeats chalked up against them this season.

Jacksonville men were in the pink of condition and showed up well in every department of the game. Their weakness, however, was the same as that of Springfield, when an opportunity was given to score, they were unable to do so. This weakness, perhaps was more evident on account of each team taking a brace when hard pushed. Springfield came nearer scoring than did the locals. By a succession of end runs and forward passes they had worked the ball within seven feet of goal when they were held for downs. Armbruster, Lawless and Frisbie were the star players for the visitors, and were in the game every minute of the time. Springfield had the forward pass working better than the locals, and at times made good gains by it. Reeve was a star player for the locals and succeeded in making big gains through the ranks of the Jacksonville defense. In fact several of the local players did some brilliant work and in all it was a great credit to them to hold the visitors to a scoreless contest.

Story of Game. Jacksonville got the kick-off and the ball was scored by Frisbie, who made a small gain. Burdick blocked a kick and a forward pass was uncompleted. Armbruster punted and Reeve received ball, carrying it back some 10 yards. Jackson punted and Armbruster returned the sphere a short distance. A forward pass was blocked by Burdick and another by Jackson. Jacksonville held the visitors for downs. Reeve and Cannon carried the ball for small gains and Johnson threw a pass to Reeve who made a gain of 10 yards. Another forward pass was uncompleted and Springfield held the locals for downs. A forward pass was run of ten yards and another back through the line netted 5 yards. A punt was received by Reid and after two unsuccessful passes had been made, time blew for the first quarter with the ball on the 28-yard line.

Goals were changed on the second quarter. Armbruster kicked and

Cannon caught ball. A forward pass netted the locals 20 yards. Reeve added another 20 yards by a run through a mass of opponents. Jacksonville was held for downs. At this juncture Springfield took a brace and Lawless was passed the ball, who in three plays advanced the oval down the line about 30 yards. Potter attempted a forward pass, but the ball went over Armbruster's head. Springfield fumbled the ball was taken by Frisbie. A forward pass was broken by Burdick. By a pretty end run Armbruster made a gain of 20 yards and he repeated the trick a minute later, getting 5 yards. By a succession of end runs and line bucks, Springfield worked the ball down to within seven feet of their goal when a dispute arose between the time keepers as to time. One shouted: "Time up" and the Springfield time-keeper said there was still a minute and 19 seconds to play. After a wrangle of nearly 20 minutes it was compromised by allowing Springfield 25 seconds yet to play. They had four yards yet to gain, but on two attempts were held firmly by Jacksonville and time was called. This was the nearest Springfield men came to scoring. By the way they were carrying the ball down the field it looked as though a touchdown was inevitable.

In the second half Jacksonville kicked to Springfield, Sterman received the kick. Two forward passes were tried by the visitors, but both uncompleted. Lawless made a run of six yards and in the second attempt at a forward pass, Hall and Stewart blocked the play, with Armbruster almost getting away with the ball. Springfield kicked to Reeve and J. was received by Armbruster. After was deceived by Armbruster. After a couple of center plays Stewart secured the ball on a fumble. Reeve made two small gains and Jacksonville was penalized 15 yards because Johnson held Frisbie. J. H. S. kicked and Snyder caught the oval. Springfield was penalized 5 yards for an off side play. Stewart in attempt to tackle Armbruster received an injury to his shoulder and had to be taken out of the game. Alcott taking his place. Cox also took Johnson's place at full, the latter getting a slight injury to his ankle. Spears was also sent in to relieve Haigh. Jacksonville held the visitors for downs and the quarter ended with the ball on Jacksonville's 30-yard line.

Goals were exchanged at the beginning of the last quarter and both teams were going at a high rate of speed. By a fake play Lawless carried the ball for the visitors 10 yards. A fumble by Schneider, a forward pass intercepted by Reid was followed by another play, the ball going out of bounds. Jacksonville started the quarter by Burdick getting a splendid run of 30 yards, being downed by Helms. Jacksonville kicked to Schneider. Springfield returned the kick which was received by Cannon. An exchange of punts followed and Armbruster got in the game again by making three good plays in succession, gaining some 15 yards. Two forward passes were intercepted and Reeve recovered a fumble making a gain of 10 yards. He followed this by another big gain. After this there was nothing doing, both teams see-sawing up and down the field. The ball was well in Springfield's territory when the game was called.

The following was the lineup: Springfield Position Jacksonville Potter, Hale

Jones, Henth
Goetsch, Reid
Winn, Stewart, C.
Wilson, Hall
Frisbie, Burdick
Sterman, Johnson
Armbruster, Maddox
Helms, Jackson
Schneider, Cannon
Lawless, Reeve
Officials—Harmon, referee; Larson, umpire; Headlinesman Ross, assistants, Lankin (Springfield), Sorrells, time-keepers, J. H. Rayhill, Sr., and Schanacker, Springfield.

After the first half, the headlinesman acted as official time-keeper. Twelve and one-half minutes halves were played.

POLICEMEN TESTIFY IN ETTOR HEARING
Says Police Tried to Clear Streets But Were Jeered and Pelted With Ice and Bricks.
Salem, Mass., Oct. 23.—Police Inspector John J. Killier of Lawrence, Mass., testified today in the case of Ettore, Giovannitti and Caruso who are on trial for the murder of Anna Lopizzo, a victim of the textile strike riots, testified that on the night of January 29th, last, the Lopizzo girl was killed, the police had tried with their clubs to clear the streets of belligerent strikers and had been jeered and pelted with ice and other missiles. Then he told of the shots during which the girl was wounded. Killier said he drew a "blackjack" and brought it down on the backs of excited mill workers.

Cross examination of Killier led up to the killing of Anna Lopizzo the description of the firing of from 10 to 30 shots and the finding of the wounded girl in the street, but never once the name of the victim mentioned in the testimony nor any testimony adduced concerning the actual shooting of the girl. None had been introduced thus far in the trial.

Policeman John F. Devine testified that he had seen the defendant Caruso many times during the strike but "never saw him do anything out of the way."

INVENTORY IN WHEELER ESTATE

The executors of the will of George A. Wheeler have filed in the county court an inventory of the estate which has been approved by Judge Brockhouse. Valuations are summed up as follows: farm land in Merger county, \$45,600; house on West Lafayette avenue \$4,500; house on West College avenue \$6,000; lot in Gallagher & Edgmon's addition \$1,000; land in Kansas \$1,000; chattel property, \$2,350; notes and money \$18,233.88. This makes a total of \$79,853.88. J. P. Lippincott is attorney for the executors.

Fortune Telling

Does not take into consideration the one essential to woman's happiness—womanly health. The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but dross.

Womanly health when lost or impaired may generally be regained by the use of Dr. Pierce's Favorite Prescription.

This Prescription has, for over 40 years, been curing delicate, weak, pain-wracked women, by the hundreds of thousands and this too in the privacy of their homes without their having to submit to indecate questionings and offensively repugnant examinations.

Sick women are invited to consult Dr. Pierce by letter free.

GOOD RESOLUTIONS

Those that make for comfort, convenience and economy and are lived up to—such are the resolutions to install gas in the home, as a means for lighting, heating and cooking. Certainly no intelligent man or woman today would be without gas unless they were where it could not be secured. As a matter of fact, people in the country realize so fully its advantages that they have imitated it by installing acetylene plants, which are extremely costly. However, for the small sum of \$1.25 per room, you can have gas in your home. Why not see us today about this matter?

GOOD ROADS PLAN.

Galesburg Firms Improve Highways for Agricultural Purposes.

Bloomington Bulletin.—While newspapers have wasted white paper sufficient to pave the roads of McLean county and enough talk by different organizations has been expended to elect a presidential candidate, the highways through several parts of the county are at the present moment in practically impassable condition. During a wet season it will simply be useless. The roadways in place are ungraded. Huge pools of water remain for days on the surface and it is churned into a quagmire. It would be simple matter to drain and grade these highways.

These roads are found in many parts of this city. Along them enormous traffic would come if it were possible for any traffic to pass over them. As it is no one travels that way unless forced to do so.

In Galesburg large retail firms have adopted an effective method of keeping up the highways into that city. One large retail establishment undertakes the task of keeping up five miles of roadway in one direction out of the city. Another large firm takes another road for five miles, a third firm another until they have all been taken. These firms put their section of road in perfect condition and then they see

to it that the road is kept in good shape.

Along these highways signs appear: "The expense of maintaining this highway is defrayed by Messrs. . . . dealer in"

That is all the firm gets for its work—a little advertising, but they find it is good advertising. Good roads enable customers to reach Galesburg; they enable these customers to come whether the weather is wet or dry, and nine times out of ten the customer patronizes the public spirited concern with interest enough in the general welfare of its customers to assist with good roads.

Some firm in Bloomington might acquire the heartfelt gratitude of 50,000 people or more if they would follow the example of the Galesburg firms up through some of the bad stretches of roads leading into Bloomington.

Mrs. Peter Holan, 11501 Buckeye Road, Cleveland, O., says: "Yes, indeed I can recommend Foley's Honey and Tar Compound. My little boy had a bad case of whooping cough, some times he was blue in the face. I gave him Foley's Honey and Tar Compound, and it had a remarkable effect and cured him in a short time." Contains no harmful drugs. City Drug Store, J. A. Oberbeyer.

GENERAL MARKET NEWS

WAR ANXIETY BRINGS WHEAT UP

Close is Firm at 1 to 1 1/2 Above Last night—Corn Finishes 5c Up.

(By Associated Press.)
Chicago, Oct. 23.—Big exports of wheat today heightened bullish sentiment due to anxiety about the Turkish war. In consequence there was a firm close with price 1/2c to 1c above last night.
Corn finished 1/2c to 3/4c up; oats gained 1/4 to 1/2c, and provisions varying from unchanged to 20c advance.

Strength at first developed slowly in wheat. Hesitancy resulted, because of signs that the Dardanelles blockade was not shared by the grain trade of Europe. Speculators as a rule seemed disposed, however, to favor an advance, and to ignore the heavy movement of spring wheat as having been already discounted in full. Rumors of financial trouble at St. Louis, of the European capitals, served too as evidence that the effects of the war would be more widespread than had been generally believed.

December ranged from 92 1/2 to 94 1/2c, with the close 1c up, at 93 1/2c.
Corn received support chiefly on account of the wheat gain, primary receipts were light. December ranged from 53 1/2 to 53 3/4c, closing 1/2c net higher at 53 1/2c.
Revival of export demand put backbone into oats. December ranged from 32 1/2 to 32 3/4c, and closed 1/2c up at 33 1/4c.
Covering on the part of a prominent short lifted the provision market. January pork advanced 20c.

NEW YORK STOCKS.
New York, Oct. 23.—The local stock market was put to another severe test today by recurrent waves of foreign liquidation.
The movement gathered its greatest momentum during the noon hour when an avalanche of selling orders from various European points resulted in a series of precipitate declines.

Canadian Pacific was the weakest of the high grade issues, declining over four points and giving color to rumors of enforced liquidation by Berlin and Vienna. In fact it was understood that the Austrian capital was the scene of some financial unsettlement but private cables received here late in the day declared that the embarrassment was hardly more than local.
The opening here was not altogether reassuring. A majority of the better known stocks recording slight losses. The only notable exceptions were China Copper and China convertible bonds, these issues rising to new high records on rumors that the stock is soon to be put on a dividend basis. Another incident of the early session, interesting because of its bearing upon steel trade conditions, was the announcement that dividends had been retained on the preferred stock of the Republic Iron and Steel company which early in the year suspended payment because of the unpayable outlook.

In the final hour prices recovered in part from the low level, but the markets' undertone indicated feverishness and uncertainty with dealings in restricted volume. Fully one-third of the day's business was transacted on the draining movement of the day. The unfavorable condition of the local banks was shown in the hardening of time loans, six per cent being asked for 90 day accommodations, and four months money advanced 4 per cent. Call money held around 5 per cent with some concessions at the close.

SOCIAL EVENTS.

Mrs. Samuel Boston, Mrs. W. J. Brooks, Mrs. Charles Pires and Mrs. Edward Miller went to Murrayville Wednesday, where they spent the day with Mrs. James Hitch. After arriving there they were informed that it was Mr. and Mrs. Hitch's seventeenth wedding anniversary. It is needless to say that the day was spent in a happy manner and at the noon hour a five course dinner was served, which was greatly enjoyed. Mr. and Mrs. Hitch formerly resided in Jacksonville, where they have many friends. Miss Ruth Megginson of Woodson was also among the guests present.

Mrs. T. A. Towne, 107 6th street, Watertown, S. D., writes: "My four children are subject to hard colds and I always use Foley's Honey and Tar Compound with splendid results. Some time ago I had a severe attack of la grippe and the doctor prescribed Foley's Honey and Tar Compound and it soon overcame the la grippe. I can always depend upon Foley's Honey and Tar Compound and am sure of good results." City Drug Store, J. A. Obermeyer.

MANY ROOTERS COME.

Springfield sent over a big bunch of rooters Wednesday to cheer their team in the football game with the local high school, among them were David W. Shand, Donald S. Rockwell, Harry Jones, Harry Richardson, Henry Baum, John Chatterton, Ross Locke, "Kid" Spitznagle, Jerome O'Connell, Herman Cohn, Earl Friedmeyer, Taylor Davidson, Sidney Eagon, Latham Broadwell and Paul Schanbacher.

DON'T SUFFER FROM ECZEMA.

A new treatment has recently been discovered by a prominent physician which is guaranteed to cure all skin diseases or blemishes. This new treatment is called Hekara and is not only greaseless and antiseptic, but contains no lead, mercury or anything that will injure the most delicate skin.

Wonderful and gratifying results follow its use and it is guaranteed to quickly relieve and cure the most obstinate and chronic cases of eczema, pimples, ulcers, itch, piles, etc.

Get a jar today and if not satisfactory when used as directed we will return your money if you will bring back empty jar.

ODD FELLOWS COME TODAY.

Sixth Annual Meeting of Central Illinois Association—Big Delegation Expected.

The sixth annual meeting of the Central Illinois Odd Fellows association is to be held in Jacksonville today. Odd Fellows from eight counties will be in attendance and 1,000 Odd Fellows from points outside of Jacksonville are expected. A special train on the Burlington will bring a large delegation and is expected to arrive about 10 o'clock this morning. A program will be carried out in Central park beginning at 1 o'clock and the session for members only will be in Armory hall at 7 o'clock. There will be two balloon ascensions from Central park, one about 11 o'clock this morning and the other late in the afternoon. C. N. Hunt of Springfield has arranged this feature and the aeronaut will be Olan Edwards. Altogether the program for the day will be of great general and lodge interest.

I. C. Students Compete for Admission Into Dramatic Club.

The membership committee of the Illinois College Dramatic club held its first competitive trial for membership Wednesday, the students rendering such selections which displayed their talents. Among the contestants were Gladys Shoemaker, Beulah Ennis, Maud Johnson, Edward Bullard, Edith Lease, Durrell Hatfield, Velma Dugger, Hume Whitaker, Florence Rice, Ray Bracewell, and Ernest Berry.

The committee will hold a meeting today to select the successful candidates and recommend their election by the members of the dramatic club.

The following are the officers of the club.
President—Viggo Jensen.
Vice-president—Warren Hall.
Secretary—Miss Marion Taylor.
Financial manager—Arthur Kingsley.
Dramatic director—Prof. J. G. Ames.

CONDEMNED WORK.

Some work in connection with the East Court street pavement is being torn up under direction of the inspector, J. M. Donovan. The trouble was caused by using wagons on the foundation before it had thoroughly hardened.

TWO PUBLIC SALES WERE HELD

J. A. Paschall and D. K. McCarty Dispose of Property at Good Prices.

J. A. Paschall held a public sale at his residence one mile northwest of Markham Wednesday. The sale was largely attended and the bidding was spirited. Prices which prevailed follow: Brood sows, \$24 to \$40 per head; spring pigs, \$10 to \$18.50 per head; July pigs, \$5.10 per head; eight cows brought from \$50 to \$80 per head; yearling steers, \$50 apiece; weanling calves, \$32.25 per head; horses sold up to \$194. Oats, 30c per bushel; oats straw, 50c per bale; baled hay, \$13 per ton. Implements brought a good price considering the fall of the year.

Charles H. Taylor was the auctioneer with J. W. Lazenby as clerk. The ladies of the Mt. Zion M. E. church served lunch. Mr. Paschall will move his family to Jacksonville and will reside in property on West North street, recently purchased of John Rawlings. Mr. Paschall has rented his farm to R. H. Bleming of Murrayville.

McCarty Sale.
D. K. McCarty held a public sale Wednesday at his home in Crackers Bend. It was well attended and everything brought good prices. William Fuller purchased three horses, paying respectively for them \$252.50, \$295 and \$297.50. Cows brought \$70, heifer calves \$26, hogs \$9 to \$25, shocked corn \$1.50 per shock.

Lunch was served by the ladies of Grace Chapel. J. G. Cox was the auctioneer and Fred Henderson acted as clerk. Mr. McCarty and wife expect to spend part of the winter in travel through the south. They also intend to include a trip to California before they return to Jacksonville.

How to Bankrupt the Doctors.

A prominent New York physician says, "If it were not for the thin stockings and thin soled shoes worn by women the doctors would probably be bankrupt." When you contract a cold do not wait for it to develop into pneumonia but treat it at once. Chamberlain's Cough Remedy is intended especially for coughs and colds, and has won a wide reputation by its cures of these diseases. It is most effectual and is pleasant and safe to take. For sale by all dealers.

THE TEMPERATURE.

The temperature dropped to the lowest mark yet this year Tuesday night when the thermometer registered 39 degrees above zero, according to G. H. Hall, weather observer at Alexander. The maximum temperature was 65.

HOSPITALS AN AID TO ALL PATRONS

RICH AND POOR ARE ALIKE SHARERS OF PRIVILEGES.

Passavant Holds an Important Place in This Community—Cannot be Self-Sustaining as Large Percentage of Patrons Cannot Pay What Service Costs.

Since the trustees of Passavant hospital have undertaken to make this hospital more modern, more efficient and larger there has been heard a great deal of discussion among our business men as to why the public should be asked to contribute money for these purposes.

The careful and successful business man who has not studied the matter naturally looks at a hospital as a business enterprise which should be run on business principles and not only be self-supporting but should be profit-producing. He sees that all of the patients are attended by physicians whom he has to pay liberally for services and therefore he easily concludes that as the doctors receive fees for their services while attending him in the hospital they should bear the financial burdens of the institution.

Only yesterday one of Jacksonville's wealthiest men said he thought half of the fees paid to doctors for services rendered to hospital patients should be given to the hospital. It is because of such expressions that the attention of the public is called to wrong view of a most important question. Anyone who will carefully analyze the situation will see that it is impossible for a general hospital to be self-supporting. A few patients pay \$20 per week; some pay \$15 per week; more pay \$12 per week or less, and many pay only \$7 per week, while still others pay nothing, and yet all receive practically the same board, care and nursing, at a per capita cost of over \$12 per week with no allowance for the plant. How long could the merchant continue in business if more than half his patrons were unable to pay the cost of his goods?

The writer has been at pains to go over the records of some hospitals and any business man who does this will be forced to the conclusion that while hospitals should be managed in a business-like way, at the same time they are not business institutions because a large share of the patronage never pays cost—to make it a business enterprise these unproductive patrons must be eliminated. In other words the poor man and his family must be turned away.

Now suppose that you business men investigate this question carefully and if you find that the poor man and his family are denied as good care and nursing as the rich man that you refuse to help such an institution but if you find the poor man and his family are cared for as willingly as the rich then give it your aid.

Remember also that each of these poor patients has his physician and requires and receives as much care as the rich and yet he has little or nothing to pay to the doctor. It is the rule among our physicians not to accept fees from the poor until they have paid the hospital which usually means that the doctor goes without his fee.

It would be just as reasonable to expect the lawyers to build and support the court house or the preachers to build and support the churches as to expect the doctors to build and support the general hospital. On the other hand our physicians are always willing to contribute in proportion to their means to hospitals as well as all other public enterprises and Jacksonville has had several examples of the philanthropy of the doctors.

Mr. Jas. V. Churchill, 99 Wall St., Auburn, N. Y., has been bothered with serious kidney and bladder trouble ever since he left the army, and says: "I decided to try Foley Kidney Pills as they had cured so many people and I soon found they were just the thing. My kidneys and bladder are again in healthy condition. I gladly recommend them." City Drug Store, J. A. Obermeyer.
